

## LIGHTING

---

Vehicle lighting is more important than ever. A magnetic work lamp might solve a problem for you or the need could be for a full Kelsa Hi-bar with high-powered driving lamps for your HGV or for work area lighting for heavy plant machinery. Effective lighting makes a difference in terms of safety and convenience for you.

Whether you simply need a new bulb, replacement lens or the full lighting bar for your HGV we have the best quality lighting solutions currently available for:

- » Replacements
- » Repairs
- » Additional lighting
- » Upgrades
- » Inside & Outside of vehicle

We can supply all your lighting needs and offer a full installation and repair service to make sure that you can see and be seen.

We will supply, install and maintain safety lighting for commercial, emergency and utility vehicles either in our purpose built workshop or, in many cases, on your premises.

Back that up with a full range of reversing aids including audible reversing sensors and reversing cameras with dashboard display to ensure a safe working environment for and surrounding your vehicles.
