

SATELLITE NAVIGATION

Satellite Navigation is not just the latest trendy automotive accessory. When you drive for your business it is an absolute necessity! Midland Magneto supply and fit the latest in fixed and portable Satellite Navigation systems.

Our newly refurbished on-site store supplies a range of high quality systems to suit your needs. From basic direction finders to fully interactive traffic aware modules designed to keep your workforce on the move in the worst of traffic conditions. Our systems can even be compatible with mobile communications and hands free solutions.

Systems can be tailored to your requirements and can include Europe as well as full UK coverage. Speed camera and accident black spot warning systems are integrated in many of the systems we supply to make sure that both your staff and your vehicles arrive safe and sound at their destination.

Can you afford for your business vehicles not to be equipped with a GPS navigation system supplied and professionally installed by Midland Magneto?
